BOYS PICK UP $140 ON SIDEWALK AND TRY TO RETAIN IT

PURSE WITH $140 DROPPED BY LADY

Mrs. T. Powell, 424 Center Avenue, North Charleroi, Loses Money In Fallowfield Avenue—Is Patronizing Dollar Day Sales

MONEY SECURED BY BOYS

Alleged They Tried to Appropriate to Their Own Use — Arrests Made By the Local Police And $133 of the $140 Is Recovered

Mrs. T. Powell, 424 Center avenue, North Charleroi, was one of the lady shoppers, taking advantage of Dollar days, yesterday. Mrs. Powell cashed a check at one of the local banks, drawn in favor of her brother-in-law, S. M. Carter, of like address, and endorsed by him. After securing the money, the lady entered the dry goods emporium of the Thomas P. Tweed Company, in Fallowfield avenue, between Fifth and Sixth streets. After making some purchases, Mrs. Powell, who was accompanied by her little girl, left the establishment, but soon thereafter discovered that her pocketbook, containing $140, the amount received from cashing the check, was missing. The lady was under the impression that she had left the purse and its contents in the Tweed store, and hastily returned to the emporium, but a search failed to reveal it. However, through the activity of the police $133 of the $140 and the pocketbook, was recovered.

On leaving the Tweed emporium, Mrs. Powell and daughter went northward in Fallowfield avenue, for the lady dropped the pocketbook in front of the Keystone grocery. The time was at the noon hour. The purse was picked up, it is alleged, by a boy named "Jimmy" Livingston. According to the police, young Livingston, who is 13 years old, and resides at O'Neil stop, between Charleroi and Speers, ran into the alley back of the Johns drug store, where he divided the contents with Mike Ohor, 13 years old, 713 Crest avenue, and William Dubinsky, 13, residing at Tenth and Lincoln. After the trio had divided the coin of the realm, young Livingston is said to have thrown the pocketbook away, and it was picked up by John Dedik, 15 years old, 825 Meadow avenue, who turned it over to Acting Chief of Police Jack Thomas. Officer Thomas went to the home of the Uhor boy and placed him under arrest, after he had turned over $5. The Dubinsky lad was arrested hiding under the porch between First and Second street in Lookout avenue. In the meantime the boys gave a lad named Harry Easton, 13 years old, $22, but the Easton boy had no part, according to the officers, in the attempt to keep the money.

When arrested the Dubinsky lad had $106, which with the $22 given the Easton boy and the $5 turned over by the Uhor lad makes $133 of the $140 stolen recovered.

The arrests of the boys were effected by Acting Chief of Police Jack Thomas, and Patrolmen Corey and Gelder.

Uhor, who had entertained himself at the movies in Monessen, was picked up by Acting Chief Thomas on his return last night, while Officers Gelder and Corey arrested Dubinsky and Livingston early this morning.

The charge which will be preferred against the boys, one of larceny, will be made before a local justice of the peace today. Pending the hearing, the boys will remain in the lockup at the Municipal building, excepting the Easton boy, who was released on his own recognizance as a material witness at the hearing.

OVER-HEATED OVEN CREATES SOME STIR

An overheated oven in the kitchen of the Charleroi-Monessen hospital this morning at 8 o'clock badly scorched the wall at the back of the stove, causing so much smoke that the hospital authorities put in a still alarm to the Charleroi Fire department, who responded immediately and soon extinguished the flames. Other than filling the institution with smoke, there was no damage.

COPS DON'T KNOW WHO SPIRITS WOMAN AWAY

Pittsburgh, Pa. Aug. 6—Police today were still without information to the identity of a man who succeeded in spiriting a young woman from the Pittsburgh hospital, where she had been placed when found wandering in Highland Park, Monday night.

The man gave fictitious names, signed a release for her and took her away in an automobile. The young woman who was well dressed and pretty, was unable to give her name and address though she said she believed her people lived in Pittsburgh.

Relict Of The Late H. J. Lewis Dies Yesterday

Mrs. Margaret Lewis, aged 70 years widow of the late Harvey T. Lewis, and a wellknown pioneer resident of the borough, answered the final summons yesterday afternoon at 2:30 o'clock at the home of her son, Chas. C. Lewis, of 203 Luella avenue.

Mrs. Lewis has been ailing for the past year with complication of diseases, and has been seriously ill since April.

The deceased came to this borough from Prosperity, the village of her birth, in August, 1892, at the time Charleroi was in its infancy, and has made her home here since. She was a life-long member of the Methodist Episcopal church, and was also a highly esteemed member of the Maccabees. There survive three children, Charles C. Lewis of Charleroi, Mrs. Lawrence G. Sphar of Donora, and Mrs. Robert Hollowood of Buffalo, New York; sixteen grandchildren, and one sister, Mrs. S. A. Breese of Prosperity.

Funeral services will take place Thursday evening at the home of Charles Lewis, 203 Luella avenue, time 8 o'clock with Rev. Dr. E. H. Greenlee in charge. Interment will be made Friday at Prosperity.

Ball Ground Absorbed By The Borough?

Council at its meeting last night, discussed the baseball grounds, one of the members contending they would make ideal playgrounds. The councilman also said that the grandstand is on borough property. A motion prevailed for the borough engineer to make survey. The baseball grounds are owned by the three banks of the borough.

Burgess J. Bryant Tussing, in his report for the month of July, gave collections in the sum of $426, and the number of arrests as 60.

Council had a quorum, and was able to do business. Councilman John F. Wall is ill, and was unable to be present, and the chairman of the body, Attorney Hugh E. Fergus, and Councilman Thomas P. Tweed were also absent. Councilman Charles S. Van Voorhis officiated as chairman pro tem.

An ordinance establishing the grade in a certain portion of Oakland avenue, passed first reading.

Owing to the heat of the evening, and other reasons unknown, there was a dearth of attendance on the part of the citizens at the session. One gentleman asked for the grade to place a sidewalk in Shady avenue; another the grade at Seventh street and Crest avenue, and a committee was named by the acting president to act in conjunction with the borough engineer in investigation.

A Mr. Hudson desired the grade in McKean alley, between Fifth and Sixth streets, the matter being referred to the street committee and the borough engineer. Mr. Hudson desires to enlarge his store.

In the proposition of a light needed at 409 Eleventh street, the matter was referred to the light committee and the street commissioner, with power to act.

State Police Patroling Two Important Roads

State highway patrolmen, equipped with motorcycles and high-powered automobiles are patroling the Monongahela-Donora and the Finleyville-Library roads as the result of a number of accidents which have occurred on these two important state routes within the last fortnight.

Owing to the excellent conditon in which both these connecting roads are kept by the state highway department the greater percentage of drivers when they get on either of them want to try out their machines and fast driving has resulted in a number of serious accidents. A large truck of the Kenny Transfer company of Pittsburgh, recently was wrecked and badly damaged a cement sustaining wall on the Finleyville road at the sharp curve near the Benn garage when the driver of the machine which was traveling at a fast rate of speed attempted to make the turn and the machine crashed over the abutment.

Besides apprehension of speeders the patrolmen are stopping all machines on which cutouts are used. license plates obliterated and conducting them to the closest alderman's office where an information is made against the driver or owner of the car by the arresting patrolman. Twenty violators were arrested last week on the Donora road and this number will likely be exceeded this week. R. S. Ruppert, of the Washington station, who has been called to the valley section to conduct traffic during wrecks on much traveled roads, is conducting the campaign and with the assistance of his men this entire district is being patroled regularly.

$7,177 MORE FOR HOSPITAL BUILDING

Workers For New Hospital Building Fund Have Enthusiastic Meeting At Elks Club And Make Progress In Getting Subscriptions

MANY TEAMS WIN HONORS

Captain Sloan Has High Team For Day; Commander Mountser Has High Division For Day; And Four Other Teams Come In For Recognition

With subscriptions totalling $7,177 for the new hospital building fund, the workers in the campaign now in progress boosted the total of money raised to $85,121 yesterday.

That was the news that greeted the public on the large scoreboard at depot square yesterday afternoon. The meeting reached a high pitch of enthusiasm and in every way showed an earnestness and interest in raising the building fund without delay.

Chairman Kerfoot W. Daly announced that he was working on his campaign advisory committe and expected to make the names public within a day or two. He declared himself pleased with the work of the organization yesterday but urged them to secure larger amounts from subscribers. He pointed out that many subscriptions were far too small and emphasized the necessity for getting larger subscriptions if the objective $150,000 was to be reached.

J. B. Tussing, Sales Manager, urged all workers to redouble their efforts, work in pairs and come out today with a big report.

The report yesterday was the result of only a half day's work, while the report today will be for a whole day's work. Attendance at the meeting yesterday was in excess of $150.

The honors for having the high team for the day went to Mrs. D E. Sloan, Captain and team 12 of division C. This team reported $735.

The high division for the day was that commandered by Mrs. R. C. Mountser, Division C. This division had $1700 reported from four teams.

The high teams in each division were: Captain D. R. Hormell and team 4, division A; Captain Walter Urben and team 6, division B; Captain Sloan and team 12, division C; Mrs. J. Goldstein, Captain and team 15, division D.

"If the campaign has any weakness it is that the workers are taking too small subscriptions from individuals who could well afford to subscribe for more," declared Manager Tussing. "Some of the workers have been satisfied with taking pledges of $25 from people who could just as easily pledge $25 per year for the next five years. If the money is to be raised for this hospital the few hundred people who are best able to give on account of being financially better fixed or because of a better income, must come in for larger amounts."

TRUCK DAMAGED, BUT DRIVER NOT HURT

Charles Lenhart, of Bentleyville, who was hauling ice from the plant in North Charleroi to that place, came in contact with the 7:40 o'clock southbound passenger train at West Monessen station this morning. Damage to the truck was estimated at $50, but the engine was not damaged and Lenhart was able to proceed to his home He was uninjured.

LOEB STRUCK THE BLOW KILLING ROBERT FRANKS

Criminal Court Room, Chicago, August 6.—Richard Loeb struck the fatal blow that caused the death of Robert Franks, it was revealed for the first time at the judicial hearing of Nathan Leopold and Richard Loeb.

Dr. Glueck, of New York, alienist for defense, made the revelation. Up to this time each boy had blamed the other for the actual attack upon Robert. Heretofore other doctors have said they believed Loeb had struck the fatal blow.

Dr. Glueck then went on to describe Loeb's lack of emotion in telling the story of the crime.

"Dickie told me all of the gruesome details of Franks' murder," the doctor said.

"He told it all to me as a matter of fact incident, explaining how he and Leopold got out of the automobile to eat a light lunch with the body of Franks lying in the car," said Dr. Glueck.

Burglars Ransack The Dennis Home Near Town Of Finleyville

The county detectives' office was notified yesterday of the robbery of the home of Gasley Dennis near Finleyville-Library road. Entrance was effected to the house and into the bed room where Mr. Dennis was sleeping. There was stolen from his trousers an Elgin gold watch and $100 in money. Nothing else in the house seems to have been taken. Officers in the Finleyville section were notified.

County Detective W. B. Dinsmore is inclined to believe there is a gang of robbers operating about in this county who are using this method of getting stuff; that is, forcing their way into a house and then rifling the trousers of the man of the house. Other reports of such robberies have reached the office lately.

BAZAAR WILL LAST ALL WEEK

People generally were pleased to learn that the North Charleroi firemen are to continue the bazaar, which is affording so much enjoyment to the multitudes, through the balance of the week.

It is not the amusements, solely, that attracts the people to Coyle's field they are meritorious and pleasurable, but the booths afford unexcelled opportunities for purchases, a fact that is taken advantage of by shrewd and far-seeing housewives, in particular.

YOUTHS MUST ANSWER CHARGES

Three Washington young men, now in the county jail, and Henry Winter, charged with a series of robberies in Washington and vicinity, have been implicated in another robbery, that of the G. L. Ditzer place at Claysville, on or about July 30. Riddle and Miller have admitted their part in that theft, but Winter refuses to talk. The Claysville robbery was on the same night as the robbery of the Austin Watson garage in Washington. Going from the Washington garage the young men went to Claysville where they looted the Ditzer place about 4 o'clock in the morning.

Mr. Ditzer lost a large amount of stuff, much of which has not yet been recovered. He was in Washington Monday and identified some stuff found in the car driven by these youthful criminals. This included a Savage rifle, electric lantern, a box of cigars and a large number of electric bulbs, American and Mazda lights. Mr. Ditzer lost on the night of the robbery four A. T. C.tires, 10 Kokomo inner tubes, six 8-gallon cans of Mobiloil, one Ford back curtain, electric bulbs, electric lantern, one 22-calibre Savage rifle, one 38-calibre bulldog revolver, one 32-calibre bulldog revolver, a fountain pen, a book of stamps, 25 or 30 boxes of cigarettes, candies, cigars, et cetera.

MEN ASK AID FOR HIGHWAY

A delegation from East Pike Run township called upon the commissioners yesterday soliciting aid in the proposed improvement of a road extending from the street in West Brownsville up a hill and into the township, being the direct route into and out of Blainesburg, an unincorporated settlement in that township and really a part of West Brownsville. The road, on account of its grade, is in bad shape, having been washed by rains, and in winter gets almost impassable. Residents of Blainesburg are getting in their coal now, it being impossible to get over the road with trucks when winter sets in.

The commissioners heard their petition, but made no promises. The township is willing to help in the improvement of the road but feel it cannot financially assume all the responsibility for its cost.

"FLAPPER'S RASH" MAY DO AWAY WITH BOBBED HAIR

Pittsburgh, Pa., August 6. — The rapid disappearance of bobbed hair was predicted here today following an outbreak of "flapper's rash" caused by too frequent shaving of the neck.

Dr. Daniel Sable, police surgeon, said "flapper's rash" was indirectly due to bobbed hair, and the only cure is to stop shaving and let the hair grow.

Sable found scores of girls, mostly brunettes of high school age, suffering from the rash on the back of the neck and many of these, when told of the only "cure," determined to stop shaving and let their hair grow again.

Mental Lapse May Have Been Reason Croushore's Disappearance

William Croushore, prominent and well-known retired citizen of Arch and Graham streets, North Belle Vernon, is still missing despite strenuous efforts put forth on the part of Belle Vernon and Charleroi police and hundreds of friends of the locality, in searching for the man throughout the entire community.

Mr. Croushore has been missing since Monday morning at 9:30 o'clock. He got up and helped his wife with the washing and left the house, saying he was going to take a walk. He wore a large black felt hat, yellow striped shirt and dark grey trousers. Mr. Croushore is 63 years old, and for the past year has been ailing in health, but was apparently in the best of health and spirits when he left the house Monday morning.

His wife and family are greatly grieved over his mysterious disappearance and make an earnest plea for any word that might lead to the finding of the man.

A number of Charleroi residents in Crest and Meadow avenues, report that last night a man answering the description of the missing man was seen walking about the hill district. The police worked all night, as well as many friends, searching every nook and corner of the hill as well as the business section of the town, but their efforts proved futile.

It is the opinion of many that Mr. Croushore may have been sun struck, or was afflicted with mental lapse.

Information received as the Mail goes to press is to the effect that Mr. Croushore was found today at 2 o'clock by the Boy Scouts, in the woods back of Belle Vernon near Johnson's farm. Attending physicians say that Mr. Croushore had been overcome by the heat and wandered away from his home. He was found lying near a thicket, two miles from Belle Vernon. "Mr. Croushore is a very sick man," is the word coming from his home.

ICE BOUND COAST REPELS FLIGHT OF THE U. S. BIRD MEN

Reykjavik, Iceland, August 6. — (By radio to the United Press).—The icebound coast of Greenland today repelled the American world flight, and Lieut. Lowell Smith, commanding the expedition, announced he and Lieut. Eric Nelson will wait here a couple of days before proceeding.

Upon word from the Danish supply steamer, Gertrude Rask, caught in the floes 15 miles off Angmagsalik, depends the time of the start on the next lap.

The flight to Angmagsalik on the east coast of Greenland is across a 500-mile stretch of open water from Reyjavik.

"We will wait a few days and see what the Rask reports," Lieut. Smith said. "We are advised she is icebound and unable to land supplies and spare parts. If the steamer cannot make port, it would be impractical but not impossible to fly into Angmagsalik."

HOSPITAL PROGRESS.

The reports made at the banquet held Monday night at the Elks club, while encouraging, should only prove an incentive for workers and people to give toward the hospital project as liberally as they can—in accordance with their prosperity.

Workers in the field, and borough and community residents must not, because half of the amount of the goal has been assured, yield one iota in their efforts; for the balance may be more difficult of attainment than the money secured, or pledged. Workers in the field must realize and they doubtless do realize, that they have before them labor which would make faint heart yield, but with the sturdiness of action, the patriotic motives prompting each and all, the goal must be achieved; it must not fail. It will not fail, because the people whom the hospital will benefit are not going to let it fail.

Everybody can give something, and we have the word of one of the workers that small subscriptions will be thankfully received with the large ones. The widow's mite will not be despised. Don't entertain the thought that because your subscription will not measure up to the $25, $50, $100, $500, $1,000, $2,000 or $5000 ones that it is too small to be entertained and that as small some people may hold it in the light of ridicule. People who would laugh at the small subscription of a person are pretty "small potatoes in a hill," and are not worthy of consideration. The chances are they give little or nothing toward the project, though being willing to share in its benefits.

We take it that the general chairman, and all who are behind this affair, the prime movers, look not upon the amounts given, but the motive which impels the giving. The work of the solicitors will be minimized accordingly as the people grasp the opportunity for donating to a public necessity.

A BOROUGH OF CULTURE.

No further attestation was needed when the large crowds were seen attending the sessions of the chautauqua heard contention that Charleroi contains within her domains a people, who, for the major part, is comprised of folk of culture, erudition, religion; seekers after knowledge. They surely had their tastes appeased in attending the sessions of the Chautauqua.

It is to the credit of the borough that it has gentlemen who are willing to risk their dollars that the municipality and the community people may benefit as well as be entertained through the medium of a chautauqua. That the residents of Charleroi and vicinity appreciate the generosity and thoughtfulness of the guarantors, is attested through virtue of the fact that while no money was made, none was lost in securing the chautauqua; this in contrast to other boroughs and cities in this section whose guarantors had a deficiency to meet. In fact, yesterday morning elicited the information that the guarantors felt so much encouraged over the future of the chautauqua that 64 guarantors had thus early been obtained, thus assuring the same bureau to furnish Charleroi with a chautauqua next year.

The idea of a chautauqua, furnished to towns and the smaller cities through a lecture bureau, was a happy solution of furnishing to the people opportunity to hear and see lecturers and musicians of acknowledged talent, of national and international reputation, which would be beyond their pocketbooks and provide by any other method. A person attending a chautauqua does, or should receive, more benefit than that represented by dollers and cents.

THE UNIT.

The manager of a well-known touring company wired to the proprietor of a theatre in a small town where his company was to appear.

"Would like to hold a rehearsal at your theatre at three o'clock tomorrow afternoon. Have your stage manager, stage carpenter, assistant stage carpenter, property man, chief electrician and all stage hands present promptly at that hour."

Three hours later he received the following reply:

PIRATES TAKE THIRD STRAIGHT FROM THE BROOKLYN AGGREGATION

Pushing gallantly onward with their winning streak, the Pirates yesterday made it three straight from the Dodgers and four in a row of their new streak, when they chartised Wilbert Robinson's huskies to the lop-sided tune of 8 to 1. This makes the record of the Corsairs 10 out of 11 since they entered the East.

Ray Kremer hurled masterly ball after the opening inning, when three hits were the fee its solitary run. During the next six consecutive chapters the Robins were absolutely hitless, but they were allowed one little single in the eighth and a scratch in the ninth. These five blows were all the Brooklyn sluggers were able to accumulate off the big Californian, whose submarine slants worked to perfection.

Walter Ruether was sent into the box to oppose Kremer, but the Buccos took keen delight in socking the offerings of the left-handed Dutchman to sundry sections of the yard until they had smeared Walter for three triples, a double and four singles in six innings. Then Uncle Wilbert decided he had made an error in working a southpaw against the Oaklanders.

Jim Roberts twirled the last three heats, but his right-handed benders were not left entirely untouched. A base hit(a walk and another two-sacker sent a pair of points over the eighth and gave the Buccos a total of 10 swats for the afternoon.

The feature of the contest aside from Kremer's brilliant work was the batting and fielding of Maranville.

THE LOCALS HAVE STRENUOUS GAME HERE TOMORROW

The Charleroi Independents have a strenuous game confronting them tomorrow afternoon at 5:30 on the local grounds when they meet the fast Vestaburg aggregation. This club, comprised of many of the star players of the California team, is sure to make the going strenuous for Charleroi.

The Charleroi club will remain intact, the same as it has lined up in all its contests of late, save it is not known definitely who will catch. Charlie Davis has been doing the backstopping to help "Matty" out, but the job is pretty strenuous for a veteran like Davis, and Manager Mathers is still trying to land a catcher. The locals have been weak in the backstopping department and at second base all season. With the signing of engst, formerly of the Monessen club, second base seems to be well filled; but the locals must have a catcher, a young man who can stand the work and able to hit the pill. Davis can hit well enough, and was a good catcher in his younger days, but the work is too strenuous for him at present.

WHEELING GOLF TEAM BEATEN BY NEMACOLIN

Women golfers of the Nemacolin Country club yesterday afternoon defeated the feminine golfers of the Wheeling Country club on the Nemacolin links by the small margin of one point, the score being 16 to 15. All the matches were hard fought, the result being in doubt till the final cards were turned in. Outstanding in the play of the Wheeling golfers was the display of Miss M. E. Stifel, Miss Simpson and Mrs. Behrens, all of whom made a clean sweep. Both Miss Stifel and her mother, Mrs. E. W. Stifel, are members of the Nemacolin club and in previous matches this year played for the local club. Mrs. Seamans, Mrs. Myers and Mrs. Herbertson were aces for Nemacolin, each winning three points, Nassau system. The Nemacolin women have engaged in six interclub matches this season and have yet to be defeated. The score:

Mrs. E. W. Stifel, Wheeling, defeated Miss Geraldine Emery, Nemacolin, 2-1; Miss M. E. Stifel, Wheeling, defeated Miss Emily Wrenshall, Nemacolin, 3-0; Miss M. Simpson, Wheeling, defeated Miss Mayme Dawson, Nemacolin, 3-0; Mrs. George S. Chaney, Nemacolin, defeated Miss E. Hughes, Wheeling, 2-0; Mrs. L. V. Martindell, Nemacolin, defeated Miss C. Pfarr, Wheeling, 2-1; Miss E. J. Stifel, Wheeling, defeated Mrs. S. W. Sharpnack, Nemacolin, 3-0; Mrs. G. Kirk, Nemacolin, defeated Miss. E. Westfall, Wheeling, 2-0; Mrs. T. B. Seamans, Nemacolin, defeated Miss E. Storer, Wheeling, 3-0; Miss Isabelle Core, Nemacolin, and Mrs. H. S. Miles, Wheeling tied, 0-0; Mrs. F. B. Myers, Nemacolin, defeated Mrs. R. R. Marshall, Wheeling, 3-0; Mrs. J. R. Herbertson, Nemacolin, defeated Mrs. J. D. Merriman, Wheeling, 3-0; Mrs. Guy Woodward, Nemacolin and Miss E. Round, Wheeling, tied, 0-0; Mrs. H. F. Behrens, Wheeling, defeated Mrs. T. H. Thompson, Nemacolin, 3-0.

A return match will be played August 12 at Wheeling.

Why Your Neighbor Thinks So Much of Her Bank!

Haven't you noticed how she speaks of "her account" as a natural part of her housekeeping routine—as an aid to her job of running the home?

More and more women are opening their own bank accounts. For the women are the great buyers for the homes of the country. And certainly they should have savings or checking accounts, or both, to handle the money with which they buy for the family!

We are proud of the fact so many women have selected this Institution.

We will welcome your account, too—and you will find how an efficient, friendly bank can help through cooperation.

AMERICA'S OLYMPICS ARRIVE HOME FROM PARIS TODAY

New York, August 6.— America's triumphant Olympic expedition, sun-bronzed, clear-eyed young men and women who swept everything before them at Paris, arrived home today.

Their victory at the eighth Olympiad was the most overwhelming in the history of the modern games; their welcome home was the most enthusiastic a sweltering city, in the name of the nation could give.

In the early morning haze, the municipal boat Macon went down the calm harbor to meet the liner America at Quarantine.

UNION TRUST BUILDING

WITH deep regret we leave our offices in the Frick Building where for sixteen years we served the men and institutions who have made the Pittsburgh District one of the most prominent industrial and financial centers of the world.

But to maintain the high standards of service and efficiency through which our steady growth has been attained, more spacious and modern quarters are required.

We have moved, therefore, to the Union Trust Building—10th floor—and cordially invite inspection of the many new facilities for efficient Investment Brokerage Service.

HUNDREDS ARE ARRESTED IN PARTS OF BRAZIL

Buenos Aires, Aug. 6.—Hundreds of military officers and civilians have been arrested in many parts of Brazil in connection with the military uprising in Sao Paulo, according to special dispatches to La Prensa today.

All available jails in Sao Paulo, Santos and Rio de Janeiro are crowded with political prisoners, including many high army officers, intellectuals and political leaders.

Among the prisoners are Admiral Aristides Macarenas, Captain Newton Draga, of the aviation corps, Mario Rodiguez, director of the Rio De Janeiro morning newspaper Correio Da Manha, Felix Duarte, its manager, Paulo Bittencourt, editorial director and several ex-deputies who have been friendly with the newspaper.

Rebel forces, who evacuated Sao Paulo city last week, are reported to have reached the borders of Matto Grosso closely pursued by federals. There have been a number of bitter rear guard actions.

GERMANS WORK HARD REPLYING TO THE ALLIES

London, Aug. 6—The German delegation worked until dawn today completing its reply to the documents received from the allies at yesterday's plenary session of the reparations conference.

It is understood that Chancellor Marx and his colleagues made immediate concessions of a minor character changing their original plans in order not to block proceedings and to assist in speeding up the work of the conference.

For instance, instead of submitting a series of counter-proposals they decided to confine their reply to detailed criticisms of the allied protocol. The answers were to be ready for a plenary session today. Thus Germany's first gesture at London was one of cooperation in the crying insistence upon speed.

Walter P. Chrysler Says:

Maxwell Now Excels Previous Four-Cylinder Possibilities

Before you have driven the good Maxwell 30 minutes, you will be revising all your previous ideas of four-cylinder possibilities.

For Maxwell—thanks to the rapid progress of the last year and the Chrysler Six engineering staff—now goes far beyond four-cylinder limitations as you have known them.

It goes so far beyond them that we have no hesitancy in saying that it is the best four-cylinder car in America today, at anything near its price.

There are specific results to back up our belief, and we invite you to experience them for yourself at the first opportunity.

If you have always thought that there must be vibration with a four, you will be delightfully surprised in the good Maxwell.

For here vibration is gone, so far as riding and driving comfort are concerned—a result of Maxwell's floating spring suspension of the motor which you will consider to be revolutionary.

You'll step on the throttle and feel the speed shoot from 5 to 25 miles an hour in a flat eight seconds, with an ease and smoothness entirely new in your four-cylinder experience.

You'll ride the bumps as though you were in a car twice as heavy as Maxwell. You will steer and handle the car with delightful new ease.

Most people want such results in their cars today; and many still think they must pay much more than the Maxwell price to get them.

That might have been true up to a few months ago; but Maxwell's new developments have reversed the case entirely.

On the side of economy, Maxwell stands equally to the fore.

Engine bearings, for example, are built to run for the life of the car without need for replacement; owners average 24 miles per gallon; valves and carbon require attention only at long intervals.

These are but a few of the things that lead us to call Maxwell the best four in America at anywhere near our price.

For the Maxwell of today is more than the old good Maxwell—it has taken developments to a point of unprecedented superiority among four-cylinder cars.

Touring Car, $885; Short Touring, $1053; Roadster, $985; Club Coupe, $1025; Club Sedan, $1095; Sedan, $1325. All prices f. o. b. Detroit subject to current Government tax.

We are pleased to extend the convenience of time-payments. Ask about Maxwell's attractive plan.

$7,177 MORE FOR THE HOSPITAL BUILDING

(Continued from first page)

"To get $150,000 in Charleroi would be an easy matter as the money is here that can be spared from business in the next five years with which to build this hospital. It has been an axiom of the campaign that it will cost our business men more not to get this hospital than it will to subscribe the money with which to built it. I am satisfied this is true. The only drawback is that some of our workers have not sold this idea to the people they have called on for subscriptions."

"Let me also emphasize that there is a responsibility on the part of the business men and employees who are being seen by the workers to accept their responsibility and their obligation and have their minds mad up to subscribe as generously as they can."
